TAKING DOWN.

Most of the bets made on the 7th of November, and a few days after when the excitement was high, on the result of the Presidential election are now quietly being drawn down by consent of both parties. Every one seems to think that it will take nearly three months to decide the question and it will not pay to stay without the use of the money that long. Pioche in this respect is following the example of New York and other large cities.

FOR LEADS.

Dr. Lee and Charles Raymond departed for Leeds Mining District yesterday to take a survey of the prospects there.

ARRIVED.

Jan. E. James and P. Heitelman came in from Leeds last evening.

FRESH HONEY.

comb at Wilson's Cigar Store, wholesale or retail. d13

THE HIGHLAND FURNACE.—The small furnace at Highland having made a test run with good fluxing material and having produced some seventy bars of bullion, valued at \$450 per ton, closed operations for the present on Sunday night. During its run only 300 hundred bushels of charcoal were used. This run was considered so satisfactory that Jno. Roeder and some others have engaged a lot of fluxing material intending to start in again and run the small furnace until the affairs of the large furnace are settled so that can be started. Arrangements are now being made with creditors which will enable the large furnace to be started to work on a substantial basis, so there will be no more trouble.

RESTORED.—We mentioned in Sunday's issue what everybody thought at the time of the occurrence, as a robbery of the wardrobe belonging to Theo. A. Hale, lodging at Mrs. E. A. Stanton's house. We now hear from Mr. Hale that the articles must have been taken by some of the "boys" of his acquaintance as a practical joke to keep him from Church and Sunday School on Sunday last, as on returning home on that evening he found the articles all returned to his wardrobe in good order, and a small package enclosing a present for him. He says that no practical jokes which keep him from using his Sunday clothes will keep him from Sunday School. He is not that kind of a man, and does not regard his personal appearance when he is doing the good work of the Lord.

ANNUAL STATEMENT.—The County Recorder is now preparing his annual financial statement of the affairs of Lincoln county for the State Controller. This statement shows the financial condition of Lincoln county to the 14th of December, to which time it is made up. We find from it that the debt of the county since April 1, 1875, is \$15,071 73. The floating debt of the county prior to that date was \$67,765, of which \$16,000 has been paid off by money from the Redemption Fund, leaving now as the floating debt \$49,765. There is now nearly \$3,000 in the Redemption Fund, which will wipe out about \$12,000 of that debt. Seven hundred and eighteen poll taxes were sold during the past year.

LITERARY ENTERTAINMENT.—The musical and literary entertainment to be given to provide funds for a Christmas Tree for the children of Pioche will take place this evening under the charge of Theo. A. Hale, at the Episcopal Church on Cedar street. The entertainment will consist of recitations, songs, choruses, duets and readings, by a number of ladies and gentlemen of this place, and also the children belonging to the public and private schools. As the entertainment is gotten up for a laudable object it is to be hoped that our citizens will do all in their power to aid it and give the best possible welcome to the amateurs. Let us see a crowded church for the occasion.

LEADS ITEMS.—Jim Leffingwell came in from Leeds mining District on Sunday last. He has secured a lot in Silver Reef and is having a house built on the same, intending to open a saloon, and is there now for the purpose of buying bar fixtures, etc., to ship there. Miss Kate Douglas shipped a large lot of restaurant utensils on Monday for her place of business at Silver Reef. Peter Harrison also shipped a quantity of goods on Monday, their destination being Leeds District.

SOLD.—The whim belonging to the Havana mine, of this district, was sold on Monday last to Mr. Barbee, of Leeds Mining District. It was packed up and shipped to its destination that day. Mr. Barbee is making every exertion to push work forward on his mine, and intends to show the outside world what there is in them of a substantial nature before long. He has in Pioche now at the Alps mill some twenty-five tons of ore from his mines in that District awaiting reduction.

Too HIGH.—We have heard of a couple of parties from Leeds Mining District, who are in Pioche anxious to purchase bar fixtures to use in saloons at that place, but parties owning the same in Pioche hold them at such a high figure that they can do better by putting up the same at Leeds where lumber is very reasonable. They say that the prices asked are equal to those asked during the lively times in Pioche.

FROM GROOM.—From Mr. Black, who arrived from Groom District on Sunday last, we learn that work will be commenced very shortly in that District. The Armagosa mine, situated about sixteen miles from Rosing Springs District, and formerly owned by San Francisco men, has been relocated by some parties from Groom and Rosing Springs. This mine at one time produced an immense amount of bullion.

ASSESSMENT NOTICE.—We publish today the assessment levied on the capital stock of the Raymond & Ely mine by the Board of Trustees on the 5th day of December of \$1 upon each share of such capital stock. Any stock upon which this assessment shall remain unpaid on the 15th day of January, 1877, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on the 8th day of February, 1877.

FRIGHT TO ARRIVE.—Freight for the following parties will arrive by the Eureka & Palisade Railroad teams to-morrow, the 14th inst., and will be delivered on the 15th: A. J. Blair, Nesbitt & Bro., Chas. Stein, Reips & Titlen, J. Newman, Andy Pitt, Mott, Fish & Co., D. O. Clark & Bro., W. E. Griffin and the State Bank. A large amount of freight arrived last evening which will be delivered to-day.

TURNED OUT.—Geo. A. Davis, who for several months has been confined in the County Jail and was indicted by the Grand Jury, having also had a trial, the jury failing to agree, was yesterday let loose from jail by Deputy Sheriff Birdsell, under the following circumstances: During the session of the last Grand Jury, Sheriff Fife stated to the County Commissioners that it would be impossible for him to keep prisoners in jail without some provision was made for feeding them. The Commissioners then told him to make the necessary arrangements and the bills would be settled. The arrangements were accordingly made, and in due time bills were presented but not allowed. This cut off further supplies, so that no more credit could be obtained. Yesterday the Deputy Sheriff waited on the only County Commissioner left in Pioche, and stated the facts of the case to him, asking for an arrangement to be made immediately for feeding, to which the Commissioner replied that owing to the absence of the other two he could do nothing alone. There being no funds on hand and no credit, George A. Davis was accordingly allowed to depart from the County Jail and provide for himself, until such a time as the proper authorities see fit to make the requisite provision for feeding.

STAGE LINE TO LEADS.—Jack Gilmer is now down in Utah making arrangements to run a stage line direct from Pioche to Leeds, thence to Salt Lake. There is no way of going there now except by private conveyance or Mormon teams, although a person can take the stage from Pioche to Desert Springs and get a private conveyance from there to that district. Some parties have gone on as far as Beaver in the stage and taken the stage from there to Leeds (a line is running from Beaver), but this is a long, round about way and expensive. When the direct line is started, however, this difficulty will be obviated.

"DE CLEW."—In a certain school not a hundred miles away, a few days ago the teacher, as is his wont, was giving out to one of his reading classes words from the lesson to be spelled and defined. Among the rest, the word "debasement"—the state or quality of being based or degraded—was given. The pupil spelled the word, but was unable to give the definition, when a colored classmate in a high tone and excited manner exclaimed: "I know; it means de cellow." A most natural mistake, but a very laughable one, and which was hugely enjoyed by the keen-witted youngsters.

WARD CITY ITEMS.—We learn that the row that occurred in Ward City about ten days since in the house occupied by Nellie Hayden, may result fatally to one of the parties, i. e., Nellie Hayden. The upsetting of the stove in the house caused a wound in one of her limbs, and from it not being properly attended to in time erysipelas has supervened, so that there is danger of losing the life or limb. Another party called "Happy Jack," who had his skull fractured by a blow with a club in the hands of one "Brown," also lies in a dangerous state, the medical authorities thinking it will be almost a miracle if he recovers.

ALPS MILL.—The Alps mill will be in thorough order and at work this morning. The Superintendent, A. J. Blair, intends running through the Tocqueville ore first, so as not to detain those parties here any longer than possible. As the entire stamps will work on this ore, and the capacity of working will be twenty tons daily, this ore will be soon got through with. The ore brought by Barbee and that from the Bonanza belonging to Wiederhold, is of a superior quality. The results will be several large sized silver bricks of fine quality.

PAY UP.—A notice is published in today's Record that the delinquent tax list of property in Lincoln county for the year 1876, was deposited with the District Attorney on the 9th day of December, and unless the amounts due for taxes are paid to the County Treasurer within twenty days from that date, suit will be commenced by the District Attorney to collect said taxes.

STAGERS.—The Eureka & Ward stage arrived on Sunday morning at 1 o'clock with two passengers, and on Monday morning at seven o'clock without passengers, departing shortly afterwards with five passengers, the destination of four of them being Ward City, the other San Francisco.

ELECTIONS.—The annual election for officers of the Royal Arch Chapter of Masons takes place at the Lodge room on Lacour street, Thursday evening, the 14th inst. The annual election for officers of the Blue Lodge comes off at the same place on Saturday evening, December 23d.

STORMY LOOKING.—During yesterday the weather was rather cool and disagreeable, the skies being clouded and having every appearance of a storm of some kind. Up to nine o'clock last evening, however, no commencement had been made in that line.

MORE ORE.—More ore came in yesterday to Charley Wiederhold from the Bonanza mine at Leeds. The Bonanza mine owned by Wiederhold and others is panning out well. The Alps mill will reduce this ore.

SOLD OUT.—Steele & Turrell have sold out their hay and grain establishment on Lower Main street, to J. N. Curtis, who keeps the free corral formerly run by Boone & Dolman.

FOR WARD CITY.—J. W. Wright left on Monday's stage for Ward City, with the intention of examining into the business prospects of that burg.

LADIES LEAVING.—Several of the ladies of Pioche leave to-day by private conveyances for Leeds Mining District. Amongst the party are Miss Kate Douglas, Miss Hattie Donelson, Mrs. Brick and Mrs. McCleod.

THANKS.—We are under obligations to Theo. A. Hale, Manager, for complimentary tickets for the entire "Record" office to the musical and literary entertainment to take place this (Wednesday) evening at the Episcopal Church.

J. C. BOWMER, member elect of the Legislature from Lincoln county, departs on this morning's Hamilton stage. He will tarry a while in California, and be at the convening of the Legislature on the 1st of January, 1877.

JUSTICE COURT.—A small suit for debt was commenced in the Justice Court yesterday. It was tried before Judge Aillet and taken under advisement until 11 o'clock this morning.

BANKING HOUSES.

THE STATE BANK OF NEVADA, POCHE.

Board of Directors:
JOHN P. KELLEY, President
JAS. FINLAYSON, Vice President
